REQUEST FOR CERTIFICATE OF CORRECTION
PURSUANT TO 37 C.F.R. § 1.323

Attn: Certificate of Correction Branch

Sir:

Pursuant to 37 C.F.R. §1.323, the Assignee of Record, Trading Technologies International, Inc., requests issuance of a Certificate of Correction to correct mistakes of clerical, typographical nature and of minor character in the above-identified Patent. The corrections are as follows:

Column 7, line 29: please delete "\$29.50" and insert --slightly less than \$27.35--.

Column 8, line 14: please delete "300(91)" and insert --300(1)--.

Column 8, lines 18-29: please delete the entire phrase "Thus by viewing all outstanding offer icons 304 and bid icons 300 as they are made on an item, the trader can anticipate the market and quickly adjust his or her trading plans to take advantage of the information. In contrast, in conventional systems, the trader only knows the last highest bid and the last highest offer, In the example of FIG. 3a, the trader would only know the existence of bid 300(9) and offer 304(1). Only the market maker would know the existence of the other bids and offers. Individual traders would therefore be unaware of trends in bidding, and experience greater difficulty in anticipating the market."

Column 8, line 55: please delete "is chosen" and insert --has chosen--.

Column 11, line 20: please delete "412" and insert --417--.

Column 11, line 23: please delete "412" and insert --417--.

Claim 26, col. 26, line 18: please insert --with-- between "associated" and "other."

Claim 36, col. 26, line 58: please delete "with eth current" and insert --with the current--.

Claim 49, col. 27, line 36: please delete "lien" and insert --line--.

Please also replace Figures 2, 3A, 3B, 3C, 3D, 3E, 4, 6, 7, 9, 10, and 12-15 with the attached Replacement Sheets. The Assignee submits that no new matter is added to the Figures, and that all of the changes are supported by either the original application as filed or by the parent applications (U.S. Application Serial No. 09/289,550 and Provisional Application Serial. No. 60/151,468), which are both incorporated by reference in their entireties. For clarity, the Assignee points out that some of the changes to the Figures correct errors that were made during the conversion of the Figures to Formal Drawings. In other cases, the Figures are being amended to be consistent with the specification. Such changes include typographical errors, arrow directions, and incorrect reference numbers, for example. For the Office's convenience, a set of Annotated Sheets are provided herewith which point out each change being made in the Figures.

The Assignee respectfully submits that the requested corrections do not constitute new matter, nor do they require substantive examination of the file.

Consideration of this Request and issuance of the Certificate of Correction are respectfully requested. The Assignee submits herewith a completed Certificate of Correction Form (PTO/SB/44), as well as the required fee under 37 C.F.R. § 1.20(a). No additional fees are believed due with this Request; however, the Patent Office is authorized to charge any fee deficiencies to deposit account 13-2490.

If there are any questions or comments regarding this request, the Examiner is encouraged to contact the undersigned attorney as indicated below.

Respectfully submitted,

Date: November 16, 2010
